MICHIGAN STATE UNIVERSITY | W.K. Kellogg Biological Station

Aquatic Celebration

Celebrating 50 Years of Aquatic Ecology Research at KBS

Date: Oct. 18 - 20, 2013

Location: Kellogg Biological Station Academic Building & Grounds

Join us for this weekend symposium celebrating 50+ years of aquatic ecology research at KBS. Activities include a Friday night reception, a Saturday symposium of talks by past and current KBS researchers highlighting milestones in aquatic research, a poster session by KBS grad students and a celebratory Saturday night dinner.

Speakers for the Oct. 19 Symposium

Ken Cummins
(Professor, Humboldt State University)
"Research adventures at KBS (1972-1978): foundation of a career"

Meghan Duffy
(Professor, University of Michigan)
"A Barry County almanac: lessons learned in Yankee Springs"

Jim Grace
(Research Ecologist, U.S. Geological Survey)
"In search of a fusion between theory and empiricism in ecology: payoffs from running between floors at KBS in the 70s"

Don Hall
(retired Professor, MSU and KBS)
"Fifty wet and wonderful years at KBS: some highlights"

Steve Hamilton
(Professor, MSU and KBS)
"Unraveling the perilous voyage of nitrogen molecules in streams"

Lars Hedin
(Professor, Princeton University)
"The curious story of riding in George Lauff's Mazda Miata"

Mike Klug
(retired Professor, MSU and KBS)
"From streams to insect guts to sediments and beyond: a 33 year adventure at KBS"

Elena Litchman
(Professor, MSU and KBS)
"The fun of doing aquatic ecology at KBS: local puzzles and global challenges"

Craig Osenberg
(Professor, University of Florida)
"Synthesis and integration (a 30 year journey from experimental ponds and theoretical backboards)"

Alan Tessier
(Program Director, National Science Foundation)
"Limnologist or aquatic ecologist: how I learned to do my job by the time I left"

Earl Werner
(Professor, University of Michigan)
"Musing on journeys from Manor House to pond lab and individual behavior to large-scale pattern"
